

# Making Hispanic Ministry The Priority!

## Greetings from CHM Director David Byrne

So far 2014 has been a year of travel and blessing. One of the things I have always enjoyed about my work with CHM is the privilege of visiting many churches and ministries along with their leadership. I find that even when things are not planned just right or when there are challenges or even conflicts, as God's people come together in fellowship beautiful things take place and God's people get blessed. I also find that I am constantly challenged by the incredible perseverance of God's people in sharing His word with others.

I was privileged to share in several conferences this spring in several different countries about the power of God working through the church - past and present. God has always been working and always calling us to work with Him in the lives of the people around us.

One of the books I most treasure is one I found in the trash on the street when a theological seminary was making a move. It is a collection of the "Dying Sayings of Friends" published in 1854 with short stories about the life of hundreds of Christians along with their last words of witness or praise. But those stories of faithfulness are being repeated multiplied times over through the lives of those who serve God in the church around the world today. I love to hear about those who stand up for God in both the great and simple things, with great power and humility to see God's will completed.

Seeing first hand that God is working in the Hispanic churches to raise up a people that will bless His name is an inspiration that I treasure.

## Instituto ALMA

Instituto ALMA

CHM's leadership training institute continues to bring fruit among Friends and others. With technology so readily available, there are over 25,000 unique visitors to our site every month from around the world to take advantage of literature, information, and classes that

are freely available for strengthening the Spanish-speaking church and its leadership.

Through the use of Skype, David is able to meet with some of these groups occasionally to share special presentations and classes to supplement Institute classes and help groups stay on track. The personal touch is an important element for applying leadership principles in the context of community and church. Christianity is not an abstract exercise; it is a living practice of faith in relationship with God and his people. The Instituto ALMA has ways to help.

Plans are moving forward for the North American Hispanic Friends Conference to be held the 10-12th of October in Baltimore, Md. AMANA leadership in Southern Cali-

fornia is working with the leadership in the local church to make this conference a blessing for Friends across the country as well as in Baltimore.

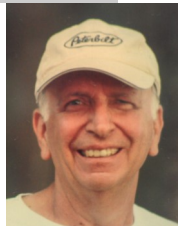

## CHM Board:

Drew Davenport  
Jacob Estrada  
Kay Griffin  
Dora Gutierrez Kerr

Dr. Karl Newman  
(Chairman)

Lisa Newton  
Eric Royle  
Dr. Richard Tomm

## Thanking God for Bill

Many of you probably never had the chance to meet Bill Roeh, but he has been a long-time member of the CHM Ministry Board who generously gave of his time, talent, and treasure. Even when he moved across the state in 2006 and later was diagnosed with cancer, Bill continued to faithfully manage CHM's finances and to be an encouragement and inspiration. Christ was merciful and granted extra life, but called Bill to His presence at the end of June to continue his journey with the Lord.

"Thank you Father for the blessing of Bill and for his example. Care for his wife Beth and his family in Jesus' name."

## Friends Gatherings

Friends leadership from Central and South America came together this year during separate events in El Salvador and Guatemala, and it was a privilege

for CHM Director David Byrne to be able to participate through teaching and preaching on history and missions. The response was good in both cases as pastors and leaders considered how they can tap into our heritage in Christ's Church to reach the

world. Mexico Yearly Meeting in Mexico City was also a great time of fellowship and ministry.

## News and Prayer:

👉 Pray for the Baltimore Hispanic Friends Church as it prepares to host the North American Hispanic Friends from Oct. 10-12<sup>th</sup>

👉 Please pray for the Mexico City Church in Viveros del Valle where they have a one-time opportunity to buy an adjoining property that would allow their church to expand their ministry by adding classrooms for their institute program and children's ministries. They need a combined gift or loan of \$130,000 immediately to purchase this property that they have hoped for decades to acquire.

👉 What is happening with the untenable situation of the immigrants trapped in a system that makes little provision for people and families? Not much. Pray for politicians to seriously look for solutions to the issues that face the U.S. and those who live here as our neighbors.
